Oath of Public Official Transparency For Open, Transparent, and Accountable Government

I, _____, candidate for the office of _____ [in Montgomery County of] the Commonwealth of Pennsylvania, pledge to the citizens of our county, that if elected to _____, I will energetically work toward accountability, transparency, and disclosure of taxpayer-expended resources by government agencies.

Effective management, accountability, transparency, and disclosure of tax-payer-expended resources by county and local agencies are of the utmost importance to maintain the trust of the county citizens. The paramount goal is effective and efficient delivery of critical government and public programs and services to the county citizens. Results-oriented management of county and local agencies and taxpayer resources must be aggressively pursued and provide maximum value for the public good.

Guided by these principles, I commit to push and vote for legislation and/or measures that will make government expenditures including (but are not limited to) grants and contracts available on a searchable website that is accessible to the public free of charge.
